EXPERIENCE

Taylor combined her television news background and her zest for life to help launch NBC Connecticut's first morning lifestyle program.

She hosts, reports, edits and shoots. She learned to pivot during the Pandemic taking the show from on-air to on-line, temporarily, to highlight local businesses struggling to survive.

Taylor was honored by the Hartford Business Journal as one of their 40 under 40 making an impact in the community during 2020.

She is a former Miss Massachusetts who still hosts the statewide pageant every year.

WVIT, Hartford, CT
